My name is:

Visitors from **[insert In-country partner org]** have come to talk with me, I feel

to talk with them.

I have explained that the **[research activity]** will help them learn about children's involvement in the community and the work of (insert name of organisation), I feel

about that.

They have asked me to do**[insert research and learning activity]** and talk to them about my participation, my community and the work of (insert name of organisation), I feel

to help them.

They will spend **[insert number of hours]** with me on **[insert number of data collection activities]** and some other children, I feel

to spend time talking/working with them.

They will spend also talk with my parents/guardian and adults in the community about the project, I feel

about that.

They have explained to me that it is okay to say I don't want to participate in the research activity, I feel

about that.

They have asked if they could take a photograph or maybe a video of me and how this photo or video may be used, I feel

about them taking photographs and video of me

They have asked that I tell stories which will be written down and used in reports, I feel

about them using my stories in reports

They have explained to me that it is okay to say no to having my picture taken I feel

about that.

If it is too long for me, I might ask to play with friends or have a rest. I feel

that I can take a break

They said they have already asked permission from my parents/guardian to talk with me, I feel

that they have done that.
